

AXIOMIX TECHNOLOGIES PRIVATE LIMITED

**Plot No. G-146, Riico Industrial Area,
Prahaladpura, Jaipur,
Rajasthan,-303903
GSTIN/UIN: 08AAXCA3267B1ZI
State Name : Rajasthan, Code : 08**

Welcome to **AXIOMIX TECHNOLOGIES PRIVATE LIMITED**, a fast-growing and trusted brand in the manufacturing of construction chemicals. We have established ourselves as one of India's reliable manufacturers of concrete admixtures, backed by over 30 years of industry experience and a strong professional approach. Our expertise has helped us deliver cost-effective and efficient solutions in concrete technology.

In addition to manufacturing, we provide consultancy services for concrete production and concrete quality management to organizations involved in infrastructure development. Client satisfaction is at the core of our mission, and we continuously strive to create a high comfort level for our customers by delivering dependable products and services.

For more than one year, **AXIOMIX TECHNOLOGIES PRIVATE LIMITED** has been offering a comprehensive range of specialty construction chemicals, including Adhesives & Sealants, Plasticizers, Super Plasticizers, Plasticizers for PQC, Waterproofing Chemicals, Grouts, and Curing Compounds. Our products cater to key sectors such as infrastructure and building construction and are developed using advanced technologies sourced from Germany, Japan, and the USA.

As an **ISO 9001:2015 certified company**, we are committed to building long-term relationships with our clients by consistently delivering high-quality, economical, and innovative solutions, driven by dedication, enthusiasm, and technical excellence.

VISION & MISSION

PURPOSE

To become a leading company in the construction chemicals industry by delivering superior products and services, building strong customer relationships, and achieving sustainable profitability.

VISION

To provide high-quality solutions that consistently exceed the expectations of our valued customers.

Mission

To build long-term relationships with our customers and clients by offering exceptional service, driven by innovation and the use of advanced technology in construction chemical solutions.

Core Values

- We treat our customers with respect, trust, and fairness.
- We encourage creativity, continuous improvement, and innovation.
- We conduct our business with honesty, integrity, and strong ethical values in all our operations.

Goals

- To achieve regional expansion in the construction chemicals sector and develop a strong base of key customers.
- To build a strong reputation for quality, reliability, and specialized solutions in the construction chemicals industry.

SERVICES

AXIOMIX TECHNOLOGIES PRIVATE LIMITED offers comprehensive solutions that serve both pre-construction and post-construction requirements. Our services are supported by a complete and well-integrated range of high-quality construction chemical products designed to address the diverse needs of the construction industry.

We adhere to stringent quality standards to ensure consistent performance, durability, and reliability in all our offerings, providing our clients with a competitive advantage. Our products are developed to deliver excellent results and are recognized for their quality and innovation. **AXIOMIX TECHNOLOGIES PRIVATE LIMITED** is in the process of obtaining ISI certification from the Bureau of Indian Standards, further reinforcing our commitment to compliance and excellence.

We strongly believe in delivering solutions that perform at the highest level and add real value to our customers' projects. Through continuous improvement and innovation, our services and products have established benchmarks of quality, performance, and trust within the industry.

OUR REFERENCES

AXIOMIX TECHNOLOGIES PRIVATE LIMITED takes pride in its strong values, which guide the way our team works, thinks, and acts in every aspect of our business.

We believe in building long-term relationships with our clients, partners, and stakeholders by strictly following professional ethics and transparent business practices.

AXIOMIX TECHNOLOGIES PRIVATE LIMITED remains open to constructive feedback and suggestions, as we believe continuous improvement is essential for growth and excellence.

QUALITY ASSURANCE & CONTROL

AXIOMIX TECHNOLOGIES PRIVATE LIMITED is committed to maintaining a comprehensive quality and service culture. Quality is a core standard against which every production process and workplace activity is measured. To ensure consistent product excellence, we implement strict quality control measures at every stage of production, including:

- Raw material quality testing
- In-process quality control testing
- Finished product testing
- Pre-shipment quality certification
- Evaluation of mix performance and application behavior

These systematic checks ensure reliability, consistency, and superior performance of our products.

FACILITIES

Manufacturing Capacity

Jaipur Plant

- Triple batch capacity: $10 \text{ MT} \times 3 = 30 \text{ MT}$
- Batch processing time: 2 hours
- Production capacity: 60 MT per day (12-hour shift)
- Monthly production capacity: Up to 1,800 MT
- Minimum raw material storage capacity: 175 MT

Testing Facilities

- Well-equipped concrete testing laboratory to support product development, quality assurance, and performance validation.

S.No	PRODUCT DESCRIPTION	PRODUCT NAME
WATERPROOFING COMPOUND		
1	Polymer Based Water Proofing Compound	Fast Crete SBR
2	SBR Based Water Proofing Compound	LATEX S Bond &
3	Multipurpose SBR Admixture for bonding,waterproofing & Repair	Seal AXI-No.1
4	Normal Setting Chloride free Intergral WaterProofing	AXI-No.2 AXI-
5	Rapid/Quick Setting Compound For Mortar & Concrete	No.3 AXI EXCEL
6	Moderate/ Setting Hardening Compound For Mortar & Concrete	LW AXI -PROOF
7	Interal Water Proofing Compound	WP AXI-COAT
8	Interal Water Proofing Compound In Powder	EP AXI - EP &
9	Water Based Epoxy Coating	HR
10	EPOXY RESIN CAMCOAT & ASTRAL EPOXY HARDENER	
CONCRETE ADMIXTURE		
1	High Range Water Reducing (polycarboxylate-based admixture)	AXI - Super plast HP 7100
2	Medium Range Water Reducing (polycarboxylate-based admixture)	AXI - Super plast HP 8100
3	Normal Water Reducing Agent (polycarboxylate-based admixture)	AXI - Super plast LP 9100
4	Pavement Based Admixtrure	AXI - Super plast PR
5	Air Entraining Admixture (lignosulphonate -Base admixture)	AXI - Super plast AR
6	High performance superplasticiser (Naphthalene -Base admixture)	AXI - Super Plast NP 400
7	Normal performance superplasticiser (Naphthalene -Base admixture)	AXI - Super Plast NP 200
8	Retarding Admixture	AXI - Super plast R
9	Water Reducing & Retarding Admixtures	AXI - Super Plast WR
10	Alkali Free Accelertor	AXI- Shot AF
CURING COMPOUND SURFACE REATARDER MOULD RELEASE		
1	Water Base Concrete Curing Compound	AXI - Curing Compound WBM
2	Resin Base Concrete Curing Compound	AXI - Curing Compound RS
3	wax Base Concrete Curing Compound	AXI - S Curing MWP
4	ACC (Acrylic Curing Compound)	AXI - S Curing WP
5	Aluminized & Resin Base Curing Compound	AXI - Curing Compound AR
6	Oil Base Mould Release	AXI - Release
7	Aluminized Curing Compound	AXI - Curing Compound AC
8	Shuttering Oil	AXI - Suttering Oil
9	Concrete Pump Primer Slurry Puches	AXI - Pump Primer
10	Quick Setting Tiles Hardner	AXI - Fast Setting Hardner
